

RESPONSIBILITIES

Phase 4 [Finalize, exit project]

- Copy all of the files from your GitHub Master branch, including the most current git log.
 - Zip these files up and submit the zip for these documents.
 - Create a document to serve as your final status report of the current project. It must include:
 - Well formatted document
 - Project description section
 - Team description section:
 - Who are your team members
 - What is their role
 - How are they doing?
 - Include yourself.
 - GitHub links, and git log.
-

ROLES

Ivan - Front End / GUI / UI work / **simulated objects** (video game names, details, pricing, etc) / **general code editing // overall project management** (making sure deadlines are being hit, updating the roadmap & schedule)

Avin - **Classes / Objects** (making sure all the object content is correct) / **assistant project manager** (helping make sure the schedule and roadmap is correct and feasible) / **Requirements document**

Yu - **Database / assistance with front end and back end -> all-around code management**
